### Parts Detail

## ASSEMBLY INSTRUCTIONS

Figure 1

**CAUTION:** Until every part and piece is set and secured in place, do **NOT** secure the nuts tightly together.

1. (SEE FIGURE 1) Take Seat Panel (B) and align the holes to the holes of the Arm Frame (C) and secure by inserting Bolts (D) through the Arm Frame then Seat Panel. Secure the Bolts (D) with the Hex Nuts (F) on the inside of the Seat Panel. Repeat for the other the Arm Frame (C).

### Do not fully tighten the Nuts and Bolts.

2. Slide Back Panel (A) between the Arm Frames (C) and align the holes. Secure by inserting Bolts (E) through the Arm Frame then Back Panel (A). Secure the Bolts (E) with the Hex Nuts (F) on the inside of the Back Panel. Repeat for the other the Arm Frame (C).

3. Once all Hex Nuts and Bolts are secured, tighten all Bolts (D&E) with the Wrench (H).

4. Slide Plastic Nut Covers (G) over all exposed bolt ends.

**!** Please make sure that every piece of furniture and all hardware are present before assembling this bench.
