

AMERICAN MADE FURNITURE

MISSION PRINTER CART

Thank you for purchasing our Mission Printer Cart. Assembly of this product requires the use of a Phillips screwdriver and hammer. We have found it helpful to have second person assist with assembly.

STEP 1

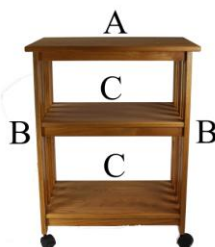

Read through these instructions thoroughly before beginning assembly. We have found this to be of great value when first assembling this product.

STEP 2

Remove all parts and hardware from packing material. Wooden pieces should be placed on a non-abrasive surface (like the carton or carpet) to prevent damage to the finish.

STEP 3

Identify all parts using diagram at right

PARTS

- (1) Top Assembly (A)
- (2) Side Assembly (B)
- (2) Shelf Assembly (C)

STEP 4

Identify and count hardware using diagram at right.

(4) Casters

(12) Wood Plugs

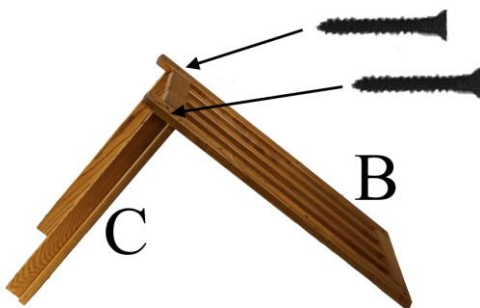

(12) 1 1/4" Screw

STEP 5

Align Side Assembly (B) with Bottom Shelf (C) so that the predrilled holes on the corners of the legs are facing in towards the center of Shelves (B) so that the larger countersunk holes are facing away. The diagram to the right shows the proper placement. A second persons assistance would be recommended to hold shelving (C) being worked on.

STEP 6

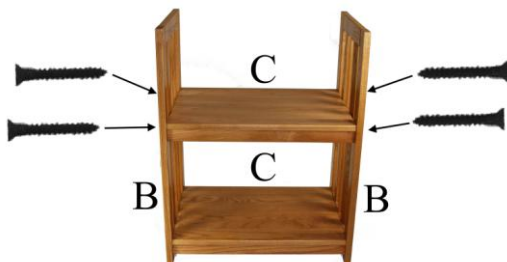

Align 2nd Side Assembly with Bottom Shelf (C) as shown in **STEP 5**.

STEP 7

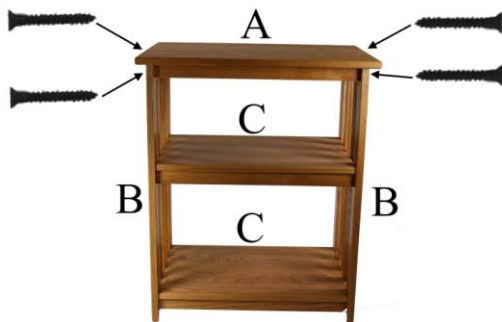

Align 2nd Shelf Assembly (C) with Side Assemblies (B) as shown.

A second person's assistance would be recommended to hold shelving (C) while both sides are screwed into place.

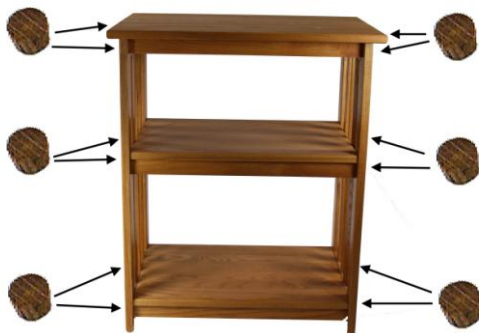

STEP 8

Place Top Assembly (A) as shown to the right so that holes in Sides (B) line up with holes in the corner brackets of Top Assembly (A). Fully tighten screws so the Top Surface and Side Assemblies are fastened.

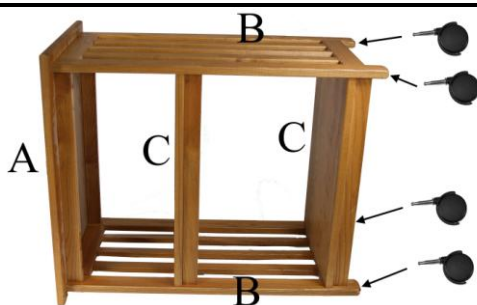

STEP 9

Tap Wooden Plugs into holes with hammer to conceal screws.

STEP 10

Push Casters into the bottom of Side Assemblies (B) until you feel them snap into place. Inserts are already placed in base.

CARE

Dust as needed with a soft cloth. Clean with damp cloth and mild solution of dish soap. Polish with soft cloth and polish that contains no pigments or silicone.
